**GENERAL INSTRUCTIONS**

Determine areas where rats and/or mice will most likely find and consume bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places between floors and walls or in locations where rodents or their signs have been observed. Protect bait from rain or moisture. Replace contaminated or spoiled bait immediately. To maximise the effectiveness of baiting and prevent reinfestation, eliminate food, water and harbourage as much as possible. If reinfestation should occur, repeat treatment. Where a continuous source of reinfestation is present, establish permanent bait stations and replenish bait as needed. Collect and dispose of all dead rodents and unconsumed bait properly.

**PRECAUTION**

This product is only to be utilised by placement in lockable bait stations.

DO NOT open sachets.

DO NOT place baits in areas accessible to children or pets.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT**

DO NOT contaminate dams, rivers or streams with the chemical or used container.

DO NOT place in positions where there is a possibility of contaminating food or surfaces that come into direct contact with food.

Place baits in locations which are inaccessible to other animals. This product is hazardous to pigs, cats, dogs, native wildlife and poultry.

**STORAGE AND DISPOSAL**

Store in the closed, original container in a well ventilated area, as cool as possible. DO NOT store for prolonged periods in direct sunlight. Store in a locked room or place away from children, animals, food and feedstuffs, seed and fertilizers. Do not dispose of chemicals on site. Break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers and product should not be burnt.

**FIRST AID**

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26; New Zealand 0800 764 766.
